E. H. POLLARD, Esq. The Scheme of a Local Bank for this Colony with Brenches at the most important places in China, has been in contomplation for a very long period. The local and foreign trade in Hongkong and at the open ports in China and Japan has increased so rapidwithin the last fow years that additional Bunking facilities are felt to be required.

The Banks now in China being only branches of Corporations whose head quarters are in Eng land or India, and which were formed chieff with the view of carrying on exchange operations between those countries and China, are scarcely in a position to deal sublefactorily with the local trade which has become so much more extensive and varied than in former years. This deficiency the Hongkong und Shanghai Banking Company will supply, and will in fact assuma the same position with relation to this Colony as the Presidency Banks in India, or the

Hanks of Australia in their respective localities. The Establishment of a Mint in Houghoug providing an adequate supply of proper currency, will render a local Banking medium essential to carry out its operations, and the almost certain The Hongkong Branch is prepared to discount disappearance of the existing Compradoric system Bills and grant Loans to constituents on approv- (so far as money is concerned) will also ensure Banks becoming in course of time the exclusive Money received on deposit for fixed periods at medium for the transaction of the monetary ope-For the anticipated success of this enterprise there are therefore ample grounds, and the great prosperity which has attended the working of other local associations in Ohina clearly shows that the largest profits are obtained by those Public Companies which possess an interested

coal body of Proprietors or Shareholders whose support naturally forms a chief element of remuperative success. The Bank will commence operations simultanebusily in Hongkong and Shanghai and as the imtie very great, it is intended to establish a local Board of Directors there for more effectually meeting the work. As circumstances under it ad-ing the work. As circumstances under it ad-visable the Bank will establish Branches at other per rods—Blistered Steel, Square Cast Steel. In the distribution of Shares Hongkong and

Shanghai will equally participate. Shares will also be reserved for the other ports in China and Japan and for persons residing elsewhere, who are directinterested in the China Trade. Applications for Shares must be addressed until further notice, to the Provisional Committee, care of Messus, DENT, & Co.

AGE MONEY. TN the year 1857 the Directors mude a considerable reduction in the Company's rates of Passage Money, which continued in force till 1861. In that year owing to the extraordinary rise in the Cost and Freight of Couls, and the enhanced price of all descriptions of Naval Stores, the Directors were valuatently compolled to votura to the rates of Pessago Money proviously in force. They are now happy to state that a decrease in the price of Conland other expenses of Steam Nuvigation enables them to reduce the Company's Passage rates to the underneted scale, which will
